**Church Leadership  
Institute for Ministry**

## Foundational Principles

### Leadership Development

- Pastors and other church leaders will be better prepared for effective leadership, to discern giftedness in the church, and to provide training for greater responsibility in ministry.

### Mentoring

- Experienced leaders will teach new leaders.

### Team Building

- Pastors, youth pastors, and other church leaders often feel alone and have few ways to share, plan, and dream.
- Our goal is to build fellowship and support groups for persons who are involved in church leadership.
