Have you participated in special meetings or pulpit supply on behalf of EFC-MAYM in the past year?

Other churches or ministry organizations?

Do you envision yourself becoming actively engaged in pastoral ministry in EFC-MAYM?

If you are now attending and/or serving in another denomination, do you see the continued possession of your Friends Minister's Credential Card to be beneficial to you?

The EFC-MAYM Faith and Practice states, "Ministers, whether pastors or others, who come to feel that they have fulfilled their call and discharged all responsibilities connected with it, are urged to take steps on their own volition to adjust their relationship to the Yearly Meeting accordingly. The same course is urged upon any ministers who find themselves at variance with the doctrinal or ethical standards of the Yearly Meeting and no longer able to measure up to the conditions which would be required of one under consideration for recording as a minister" (pg. 74, paragraph 4). The General Superintendent and Elders Board review these reports annually. If this form is not returned for two consecutive years, it is assumed the person no longer wishes to be included as a Recorded Minister in EFC-MAYM and no card will be sent.
