3. “Fit and Flourish – How Can God Use Me?” (Dr. Tim Roehl, Recital)

**C. Length of workshops:** Each workshop in 2024 should aim at 45 min in length (which allows for some discussion, with a drop dead time of 60 minutes). Ideally, each one will be video recorded (this detail is not yet arranged as of 10/6/24). We hope to upload the video files to the IFCMC website so that everyone who attends the conference at Barclay College (and globally) will have access to all of the workshops – both the ones they attended (to share with others) and the many that they had to miss.
